 +1 (999) 999-9999

Sr. Software Engineer, [Blend](#), Washington Remote/San Francisco, CA Nov 2020 - Present

NodeJS/TypeScript(React)/PostgreSQL/AWS

- Designed and built a sharable messaging service to facilitate user communication within the Blend ecosystem
- Working on integration pipeline with third-party vendors and building an infrastructure to handle concurrency/retry issues

Software Engineer, [Bolt](#), Toronto, ON/San Francisco, CA Nov 2018 - Nov 2020

Go/TypeScript(React)/PostgreSQL/NodeJS/AWS

- Built extensible and scalable integration pipelines with Bolt checkout partners and automated 60% of the merchant onboarding effort
- Worked on improving checkout experience by reducing load time for shipping and tax calculation by 90%
- Helped scale the Merchant Experience team from 1 to 10+ engineers

Sr. Software Engineer, [Modiface \(Acquired by L'Oréal on Mar 2018\)](#), Toronto, ON Aug 2016 - Nov 2018

JavaScript(React)/NodeJS/PHP/SQL/AWS

- Led a team of 5 engineers to launch makeup simulation web applications with Modiface's proprietary SDK built with Web/OpenGL
- Built web services to support Facebook messenger and wechat mini program chatbot

Software Engineer, [Novantas](#), Toronto, ON Aug 2015 - Aug 2016

Java/JavaScript(Angular)/SQL

- Developed a network planning and branch optimization web application for financial institutions as well as resolving many front-end performance issues with Google Map API to optimize user experience

Software Engineer, [Yeplive](#), Waterloo, ON Apr 2015 - Aug 2015

PHP/JavaScript/SocketIO/SQL/AWS/Wowza(Java)

- Launched a scalable map-based video live streaming application and API services to support concurrent streaming and real time messaging
- Built web client and services from scratch and worked with engineers to bootstrap mobile clients

Software Engineer Intern, [zulily](#), Seattle, WA Aug 2014 - Dec 2014

Software Engineer Intern, [Interaset](#), Ottawa, ON Jan 2014 - Apr 2014

Software Engineer Intern, [Toronto District School Board](#), Toronto, ON May 2013 - Aug 2013

Data Analyst Intern, [BlackBerry](#), Waterloo, ON Sept 2012 - Dec 2012

## SIDE PROJECTS AND HOBBIES

[Do Good Points](#) - Helps people discover causes and charities, and inspire people to do good and make a social impact

[Clubhouse Golf](#) - Golf course operation management software and POS system
